

France Rushes Preparedness But Believes War at Present Unlikely

FRENCH FEEL HITLER WILL USE CAUTION

Announced Plan of British Monarch's Visit Fought As Significant

EDITORS NOTE: Will you come this year in Europe? France believes not but nevertheless is preparing. John Evans, general foreign editor of the Associated Press, described the situation in the following interesting story. Mr. Evans is on tour of Europe and stories from Berlin, Prague, Rome, London, Budapest and other capitals will follow.

By JOHN EVANS
PARIS, July 4.—France is braced for this summer but thinks it can be avoided.

The government believes the armed might of France and Great Britain will make Reichsführer Hitler cautious in his effort to "protect" the 3,500,000 German minority of Czechoslovakia.

Political leaders and the man in the street generally agree war or the threat of war alone can halt Hitler and they say "if it must be war we might as well have it now."

VISIT SIGNIFICANT
The announced plan of King George and Queen Elizabeth to visit France has been taken here as significant warning to Germany that the two great powers will move together if necessary to check Germany's supposed "driving high stakes" policy to the east.

Many Frenchmen regard war—if it comes—as a defense of France because if Germany takes Czechoslovakia they have come to believe Hitler will dominate Europe and eventually make a war of revenge upon France for the humiliation and defeat of 1918-19.

Political leaders admit that farmers and villagers who have been driven from their homes to save Czechoslovakia. These leaders say that war is changing.

WAR UNCERTAIN
Several factors make military war uncertain if not impossible. 1. Czechoslovakia may settle her difficult minority problem. 2. Hitler may think his peace-fully, biding time peacefully. 3. Even if Germany should invade Czechoslovakia France might refrain from war as a remedy worse than the disease.

OKALTA NO. 6 DEEPEST WELL IN ALL EMPIRE

CALGARY, July 4.—More than a mile west of present crude production No. 1 and Glen Royalties in Turner Valley, Okalta No. 6 is now the deepest well ever to be drilled in the British Empire. It is now at a depth of more than 9,500 feet. W. S. Heron, president of Okalta Oil, stated last night.

Area well, on the High River, a year ago was drilled to a depth of 8,900 feet when it encountered a heavy flow of water.

Okalta No. 6 is expected to reach the same bottom between 9,400 and 9,500 feet, Mr. Heron said.

There has been no difficulty in drilling at the great depth. Tools are drawn as easily as at the 3,000-foot depth, Mr. Heron said.

Oil drilling rig could go to 12,000 feet easily at this rate, he said.

Such interest is centered in Okalta No. 6 as a commercial well in this area would prove a vast western section of Turner Valley.

MEMORIAL AT GETTYSBURG IS DEDICATED

New Battle Fought With Appeals To Reason, President Says

GETTYSBURG, Pa., July 4.—President Roosevelt, dedicating a monument to United States "Peace Eternal" here thousands fought and died 75 years ago, said this night "We are near to winning" another conflict "as fundamental as Lincoln's."

The struggle he told a throng estimated at 150,000, is "fought not with guns and steel, but with appeals to reason and justice on a three-sided front—appeals to save for our common country opportunity and security for citizens of a free society."

STRETCHES FOR MILLS

Before him the crowd stretched out for miles across the rolling Civil War battlefield. The civilian army came to join 2,000 surviving veterans of the blue and the gray, meeting here in a "last rest" among the green hills of Gettysburg.

The president borrowed a phrase or two—with credit—from the immortal address by which Abraham Lincoln consecrated the battlefield nearly and dedicated his country to the "wisdom and the humanity of the heart of Abraham Lincoln."

The address was the signal to "touch off a light, destined to burn forever as a symbol of the friendship that followed the war between north and south. It will glow from a bronze urn atop a limestone monument, towering 40 feet above historic Oak Hill."

CONTINUING ISSUE

The president said the issue Lincoln "restated on this spot 75 years ago will be the continuing issue before this nation as long as we cling to the purpose for which it was founded—to preserve under the changing conditions of each generation a people's government for the people's good."

Mr. Roosevelt said Lincoln, commander-in-chief in war, "Wanted above all things to be commander-in-chief of the new peace."

"He understood that battle there must be; that when a challenge to the constituted government is thrown down, the people must in self-defense take it up. And that the fight must be fought through to a decision so clear that it is accepted as being beyond recall."

"But Lincoln also understood that after such a decision, a democracy could pick peace through a new unity. For a Democracy can keep alive only if the settlement of old difficulties clears the ground and transfers energies to face new reality. For a Democracy can keep its promise."

Brian Ringwood Catches
Man Leaping From Bal-
cony and Holds Him Un-
til Help Arrives.

Cool thinking and quick action on the part of Brian "Barney" Ringwood, 26-year-old medical student, were credited with saving the life of a demented man who attempted to leap from the third story balcony of a local hospital Sunday afternoon.

Rescuing the heavily built man by one wrist as he leaped over the balustrade, 35 feet above the concrete steps which lead into the front door of the institution, Ringwood held him swinging at arm's length for five full minutes until onlookers had con-
firmed a makeshift safety net out of blankets.

Only when the safety net was in place and the man holding it braced to take the shock of the falling man did Ringwood let go, holding, dropping the man into the blanket below. Except for a slight bruise on one knee the crazed man was uninjured by the fall.

15 SCHOOLBOYS VISIT CITY ON TRIP TO NORTH

Count Ignatieff Heads Tour
Sponsored By Explora-
tion Society

Headed by Count Nicola Ignatieff, professor at Upper Canada college, a party of 15 schoolboys passed through Edmonton Monday morning enroute to northern Alberta and British Columbia on the annual trip sponsored by the Schools Exploration Society of Canada.

The group is travelling via Canadian National Railways in a special car. A similar party passed through Edmonton last year.

OBJECT OF THE TRIP, Count Ignatieff said, is to acquaint young Canadians with the untrodden areas and resources of the Dominion and to inspire them to take an active part in the development of the country.

On arrival at Prince George the party will travel 600 miles by water to Whitehorse, Port, and thence by pack trail to the Cassiar Mountains where three weeks will be spent.

RETURN AUG 1
Returning to Prince George, the group will proceed to Vancouver and divide, some to go to Vancouver, some to go to Seattle, and some to go to Portland, before assembling in Vancouver on August 17 for the return journey to Toronto.

With full military honors, Edward John Keays, 73, of 10135 40 street, veteran of the Royal North West Mounted Police and resident of Edmonton since 1896, who died in a local hospital Wednesday last, was buried Saturday afternoon in the R. N. W. M. P. veteran plot in the Edmonton cemetery.

Rev. L. D. Batchelor officiated at the burial but impressive services were held in Howard and McElroy's chapel at 4 p.m. The Rev. Mr. Keays was born in 1862 in the R. N. W. M. P. and joined the R. N. W. M. P. in 1881, when he retired. A contingent of six officers from the Royal Canadian Mounted Police acted as pall-bearers, while members of the Canadian Legion also participated in the services.

Police Court

Pleading guilty to two charges of false pretences and one of the theft of an auto, W. S. E. J. Gillivray, was remanded for sentence Thursday when he appeared before Magistrate A. H. Gibson in police court here Monday.

Gillivray was arrested by Detective Hugh Allen of the city police, who stated that Gillivray had obtained \$30 from a local service station, and had stolen a car from a local used car lot.

Mrs. Mary Skychinski, who was convicted last week of contributing to the delinquency of a juvenile in 1924, was remanded until December 1 for sentence.

Preliminary hearing of charges of uttering forged documents, prescriptions for narcotic drugs and of attempting to dissuade a witness from giving evidence, were preferred against Emil Quentzon, alias Jack Quentzon, by the city police.

"It seemed to me an amiable long time for him to reach the hospital when he was shot," said the police officer. "He seemed perfectly cool. And when we were taking him to the hospital, he seemed to be in a good mood."

"But we overpowered him and Ringwood shouted down, 'Wrap him up in a blanket and hold him until help arrives.'"

Meanwhile, Ringwood and police had been notified, but the action had taken place in time to help. The crazed man was taken to the police hospital, where he was held until help arrived.

Mayfair Ace Again Wears Crown He First Won In 1934—Gallery Braves Deluge

—Barr, Shore and Woods Flight Winners

By JACK KELLY

THROUGH a steady deluge rain, Bobby Procter stroked his way to the amateur championship of Alberta on Sunday. In the western 36-hole final that has been played the previous season, Mayfair ace defeated the 1934 title holder, Jack Hoar, by a score of 10 to 9. It is the second time that the Alberta and crown has rested on Procter's sturdy crown, which he first won in 1934.

Despite the steady downpour that lasted throughout the entire final, a surprisingly large gallery of fans turned out with umbrellas, rain coats and rubbers to follow Procter and Hoar. Both finalists took shelter under umbrellas after each shot, but they came in as wet as if they had been dunked in the river. Caddies struggled to keep club handles dry, but they became soaked in no time. Although there were pools of water on a number of greens, the putting of both finalists was good.

Canuck Net Stars Beaten Nassau Tourney

GLEN COVE, N.Y. July 4.—Canada's Dave Cup players training for their clash with Japan, 4-2, United States players too well conditioned and were shut out of the Nassau County Club invitation tennis tournament as it was narrowed to the quarter-finals.

Robert Murray of Montreal, the Dominion's No. 1 player, went as far as the quarter-finals where he beat Cedric Major, 6-3, 6-2, in the second round. Van, eliminated Douglas Cameron, 4-2, Borden, New York, 5-7, 6-2, 6-1.

Laird Watt, Montreal, was turned back by Frank Rogers, Oakland, Cal., in the second round. 6-3, 6-2. Gilbert Hill of South Orange, N.J., eliminated Douglas Cameron, Van, in the quarter-final, 7-5, 5-7, 6-2. The fourth Canadian, Ross Wilson of Toronto, was eliminated Friday by Gilbert Hill, Washington, defender in the tournament.

NOT DISAPPOINTED

The Canadians showed no disappointment at the close of the tournament but felt they had picked up valuable experience and that the more of the kind of long winter lay-off from outdoor competition.

Their general play showed good results from last week's intensive practice at Forest Hill, N.Y.

Cameron gave Hill a terrific battle for two sets, returning the American's excellent forehand shots with plenty of fire. But at the close conditions, and Cameron was tired from his efforts. In the second set when he stood off by Hill that brought the American up to 5-4 after Cameron led at 4-2.

WATT'S FACTS BY Alex Morrison

CHIPPERS AND DRIVER OR NUMBER ONE IRON CAN BE DISCARDED FOR CLUB RULE.

DISCARDING CLUBS
Foster McGowan of Oakland, Cal., has asked me what club should leave out of his bag to abide by the 14-club limit for tournament play under the auspices of the U.S.G.A. Among his wonders of the club, he suggested leaving out the straight-faced club.

No. 1 iron never should have been purchased in the first place. Then between the chipper and No. 4 iron, I would keep the longer one, for it can serve a double purpose. You can play fairly long with it and still use it for very short run-up shots just off the edge of the green.

If you have duplicate clubs so that these eliminations will not bring you within the limit then you will have to decide for yourself about the respective merits of each club. If you are moving around so that you play a different course every week or so, I would advise you to look the new course over carefully and, after playing it a few times, make your selection of clubs according to the local requirements.

The only handicap the rule has worked so far is to rob some players of favorite clubs.

CECIL SMITH'S UNDERSTANDING makes a remarkable action picture in this strained position, and with both front feet on the ground. The pony is making a quick stop and turn to give the top-flight Texan a shot, and get him back in the thick of it.

Caglar Leading 4-3 As Play Cooled

CALGARY, July 4.—Called by darkness 12 minutes before the end of a second overtime period with the Calgary Calles leading 4-3 over the Edmonton Civics, the replay of the Dominion soccer championship will be re-played here next Saturday.

Rain bogged roads leading the arrival of the Edmonton eleven and the game was half an hour late in starting. The competition committee, following a conference at the end of the game, ordered the replay.

Despite poor field conditions after many hours of rain, both sides gave a surprising brilliant display. After 24 minutes of play in the first half, Civics took the lead, making it 2-0, then Calles came back to score three goals. The scorers chances equalized to force the game into overtime.

JOHNSON STARS
Moorehouse scored twice for the Calles and Johnson was the top scorer for the Civics with two.

Johnson put the victors ahead in the first half from a nice corner play and then Anderson scored from close in. A pretty forward move by Calles ended in Moorehouse placing the ball into the corner of the net to reduce the lead. Four minutes from the interval Steedman, with a long deep drive, equalized. Fifteen minutes after the resumption, Moorehouse gave the Calles the lead of a perfectly placed corner by Wilson. Johnson forced play into overtime when he scored just similar from a free kick.

CALGARY SCORERS
In the first overtime period, Calles pushed forward with West playing on a flag kick. The second overtime period saw Calles' Gilchrist leading the line. Calles' Gilchrist leading the line. Calles' Gilchrist leading the line.

THE LINEUP
Calles: Sinclair, McKay, Suppard, Wilson, P. Smith, Campbell, Steedman, Matthews, Moorehouse and West. Sub: Allen, Civics: McKay, McLean, Gilchrist, James, Davidson, McLean, Bannan and Anderson. Sub: Lewis and Francis.

Refer: J. Gilchrist, Lineament: J. Armstrong and J. Dolan.
